PREFACE

Under the authority contained in Section 5 of the Act of February 27, 1901, creating the Alabama Department of Archives and History, this volume has been prepared and published. The Section is as follows:

"An official and statistical register of the State of Alabama shall be compiled every two¹ years by the Director, to contain (1) brief sketches of the several state officials, the members of Congress from Alabama, the Supreme Court Judges, the members of the Senate and House of Representatives of the State of Alabama; (2) rosters of all State and County officials; (3) lists of all institutions, with officials; (4) State and County population statistics; and (5) miscellaneous statistics; and said register shall be published in an edition of one thousand copies for free distribution, the printing and binding hereinbefore provided."

The object of the publications is to present in statistical form the details of the organization of the State government, lists and sketches of officials, and such miscellaneous data on the State and its affairs as may be of helpful service. All names and dates are drawn from as authoritative or official sources as possible; no facts not believed to be reliable have been admitted. Because of an initial delay in publication, it was determined to delay longer following the death of the late Governor Lurleen B. Wallace. An effort was made to include all administrative changes in various State departments and institutions through June 30, 1968. Thus the information may be considered exactly current as of July 1 of the same year.

The Director is indebted to many people for the information supplied, but most notably to Mrs. Mabel Amos, Mr. J. Stanley Frazer, Mr. McDowell Lee, Mr. John Pemberton and members of their staffs. To secretaries to various state officials who patiently compiled biographical data I am particularly grateful. Mr. John K. Danziger, Miss Patricia Sweet, and Mrs. Annie Lee Mills of the Archives staff have toiled long over preparing the copy and checking the proof with me—to them my thanks.

Throughout the country books of this character are regarded as of first importance. It is hoped that this volume will prove not only of immediate use and value, but that it will be a permanent contribution to the official literature of Alabama. The last issue was published in 1963. September 30, 1968

DEDICATION

Two of the earliest contributors to the newly created Archives and History Department were Peter A. Greene and his grandson Peter A. Brannon. After several years of close collaboration with Dr. Thomas M. Owen, founder of the department, Peter Brannon "came on the payroll"—as he used to say—on February 1, 1911. For the next fifty-six years as chief clerk, curator, archivist, and director he devoted his life to the work of the Archives. As a well-respected Indianologist, teacher, author, newspaper columnist, and popular speaker, his name became as familiar as a household word even to those who had never met him.

On January 5, 1967, following an illness of six weeks, Dr. Brannon died.

To his memory this issue of the **Alabama Official and Statistical Register** is dedicated.

To His Excellency
Governor Albert P. Brewer
Executive Office
State Capitol
Montgomery, Alabama

Sir:

I have the honor to transmit herewith the **Alabama Official and Statistical Register** for 1967, which under law is issued every four years. Every effort has been made to present in these pages accurate information about official personnel of the State at the present time, together with a considerable body of other information bearing upon the State.

One thousand copies of this volume will be issued by the State for free distribution to public officials, libraries, and others in accordance with the law.

Very respectfully,

INTRODUCTION

STATE NAME

The etymology of the word or name Alabama has evoked much discussion among American philological students. It was the name of a noted Southern Indian tribe, whose habitat, when first known to Europeans, was in central Alabama. The greatest river in the State received its name from this tribe, and from the river, in turn, the name of the State was derived. The tribal name Alabama is spelled in various ways by the early chroniclers, Spanish, French and English, some of which forms are here given: Alabama, Albama, Alebamon, Alibama, Alibamo, Alibamou, Alibamon, Alabamu, Allibamou. The name first occurs in three of the chronicles of DeSoto's expedition, of 1540, written Alibamo by LaVega, Alibamu by the Knight of Elvas, and Limamu by Ranjel. In the last form the initial vowel is dropped, and in both the last two the first "m" is used for "b", an interchange of these two consonants being common in Indian languages. The name, as recorded by these chroniclers, in this case, was the name of a subdivision of the Chickasaws, not the historic Alabamas of later times.

The popular belief, which is engrafted in a number of current histories and geographies, is that Alabama signifies, "Here we rest." This very pleasing etymology, during the fifties of the last century, obtained a wide currency through the writings of Judge A. B. Meek. But the very first account of the origin of the name as far as is now known, is contained in an issue of the *Jacksonville Republican*, Jacksonville, Ala., July 27, 1842. Whether Judge Meek himself was the author of this etymology, traced back to this source, is a question as yet unanswered.

As to the Muscogee origin of the name, thorough experts in that dialect have confessed their inability to find in it any word or phrase similar to Alabama and meaning "Here we rest."

But the problem is not hopeless. According to the recent investigations of Indianologists, the tribal name, Alabama, must be sought in the Choctaw tongue, as it was not uncommon for tribes to accept, as a national or tribal name, an appellation bestowed upon them by some contiguous tribe. The late Rev. Allen Wright, a highly educated Choctaw, translates the name as "Thicket-clearers," compounded of "Alba," a *thick or mass of vegetation*, and "amo" *to clear, to collect, to gather up*.

H. S. Halbert by independent study, about the same time, arrived at the same conclusion as that given by Mr. Wright, and translates the name as "Vegetation-gatherers," that is, gatherers of vegetation in clearing land for agricultural purposes. The word "alba" means such small vegetation as herbs, plants,

shrubs and bushes, which were gathered in clearing land, and the word can be applied collectively to a thicket. Hence the translation as given by the Rev. Allen Wright and that of Mr. Halbert practically agree. The passive voice of amo is almo. In elaborating his views in defense of his position, Mr. Halbert gives two examples of Choctaw local names, "Kantak almo" and "Oski almo, meaning respectively, "*China brier there gathered, and Cane there gathered.*" If the tribes or clans living at these localities had received special names from their avocations, they would have been known as Kantakamo and Oskamo, just as the noted Indian tribe in the pre-historic past could well have received the name Alba amo by fusion of vowels Albamo, from some neighboring Choctaw-speaking tribe, not yet emerged from the hunting into the agricultural state.

Confirmatory of the position of Rev. Allen Wright and the independent conclusions of Mr. Halbert, the definitions of "alba" and "amo" in Rev. Cyrus Byington's "Dictionary of the Choctaw Language" are given below. The manuscript of this work, prepared prior to 1856, has been published by the Bureau of American Ethnology, under the editorial direction of Dr. John R. Swanton and Mr. Halbert. The words and their definitions are as follows:

"alba, n., vegetation; herbs; plants; weeds.

"amo, v. t. pl. to pick; to pull; to trim; to mow; to reap, Matt. 6:25; to cut; to clip; to gather, Luke 6:44; to cut off; to crop; to rid; to shear; to slip; *panki an aiamo*, gather grapes of, Matt. 7:16; *shumati akon aiamo*, gather of thistles; *tabli*, sing.

"amo, n., a gatherer; a picker; a shearer."

It is an interesting fact that the late Dr. Albert S. Gatchet's, *Creek Migration Legend*, p. 85, accepts the etymology of Rev. Allen Wright as above set forth.

Dr. Wm. S. Wyman, of Tuscaloosa, one of the best known students of the State, inclined to the belief that the word means *Mulberry people*. He says that on the oldest French maps the Alabama river is called "Coussa," from which he conjectures that the name Alabama was first given to it by the French, after they built Fort Toulouse in 1714. He says further that in Tristan de Luna's time (1559) the river was sometimes called "Olibahah," or "Ullibali," which is pretty close to the French form, "Alibamon," or "Alabamo." In the language of the Alabama tribe he says that "Ullebehalli" means *Mulberry people*.

Inquiry among the early Indians themselves appears to have been without results as to the meaning of the word. Gen.

Thomas S. Woodward in his fascinating book *Reminiscences of the Creek or Muscogee Indians*, p. 12, says "I had heard Col. Hawkins say in his time, that he had made every inquiry in his power to ascertain if *Alabama* had any other meaning than the mere name of an Indian town, but never could, unless the name—as it was possible—might be the Indian corruption of the Spanish word for *good water*, though he doubted that."

Discarding then, "Here we rest" as something philologically untenable but retaining it as something that may hold its own in the realm of poetry and romance, we may look forward with confidence to the investigations of scholars which may fully solve the mystery of the name. And until supplanted by something upon which not a shadow of doubt may rest, we may for the present be content with the "Vegetation-gatherers," who in their aboriginal field-making, were surely and necessarily "Thicket-clearers."

The suggested etymology may be thought a trifle prosaic as compared with the romantic expression, heretofore associated with the Indian ana-basis from the west, but in truth it is quite as poetic, besides, it far more nearly represents the character of Alabamians, both in the past and in the present era of growth, when with uplifted aspirations and clear vision they are *opening the way* to newer ideals and the development of the best in life and human endeavor.

STATE BOUNDARIES

Alabama is bounded on the north by Tennessee, east by Georgia, south by Florida and the Gulf of Mexico, and west by the State of Mississippi. The several sections of the Code of Alabama, 1940, containing a description of the State boundaries, with reference to the decisions of the courts thereon from the Code of Alabama, 1923, are as follows:

Tit. 55 § 16. (85) (83) (623) (12) (16) (15) *Boundaries of State*—The boundaries of this State are established and declared to be as follows, that is to say: Beginning at the point where the thirty-first degree of north latitude crosses the Perdido river; thence east to the western boundary line of the State of George; thence along said line to the southern boundary line of the State of Tennessee. Thence west along the southern boundary line of the State of Tennessee, crossing the Tennessee river, and on to the second intersection of said river by said line; thence up said river to the mouth of Big Bear Creek; thence by a direct line, to the northwest corner of Washington county, in this State as originally formed; thence southerly

along the line of the State of Mississippi to the Gulf of Mexico; thence eastwardly, including all islands within six leagues of the shore, to the Perdido river; and thence up the said river to the beginning.

Note.—A strip twelve miles wide on the northern part of the State was ceded by South Carolina to the United States, and then granted to the Mississippi Territory.

§ 17. (86) (84) (624) (13) (17) (16) *Boundary Between Alabama and Georgia*—The boundary line between Alabama and Georgia commences on the west side of the Chattahoochee river, at the point where it enters the State of Florida; from thence up the river, along the western bank thereof, to the point on Miller's Bend, next above the place where the Uchee creek empties into such river; thence in a direct line to the Nickajack.

(Clay's Digest, p. 48, par. 9) In *Howard v. Ingersoll*, 17 Ala. 780, the boundary of the State, it was held commenced at a low-water mark, on the west side of the Chattahoochee river, from the point where it enters the present State of Florida, to the "great bend" next above the place where the Uchee creek empties into the said river. In other words, low-water mark on the west side of the Chattahoochee river was the line which separated the jurisdiction of the State of Alabama from the State of Georgia. On writ of error to the Supreme Court of the United States, the decision was reversed, a majority of the court holding that the boundary line between the two States, was not low-water mark on the west side of the Chattahoochee river, but a line running up the river on and along its western bank, and that the jurisdiction of Georgia extended to the line which is washed by the water wherever it covers the bed of the river within its banks. The permanent fast land bank governs the line. From the lower edge of the bank the bed of the river commences, and the jurisdiction of Georgia extends to the lower edge of the bank on the west side of the river. Nelson and Grier, JJ., dissenting, held that the true boundary line between the States of Georgia and Alabama, was not a line drawn on the bank or bluff of the river, at high-water mark, but the line marked by the permanent bed of the river, by the flow of water at its usual accustomed stage, and where the water will be found at all times in the season, except when diminished by droubht or swollen by freshet.—*Howard v. Ingersoll*, 13 Howard 381.

The boundary line between the States of Georgia and Alabama depends upon the construction of the following words of the contract of cession between the United States and Georgia, describing the boundary of the latter, namely: "West of a line beginning on the western bank of the Chattahoochee river, where the same crosses the boundary between the United States and Spain, running up the said river, and along the western bank thereof."—*State of Alabama v. State of Georgia*, 23 Howard U. S. 505.

Boundaries of Mississippi Territory, *Toulmin's Digest*, p. 76; territory ceded by Georgia, *Toulmin's Digest*, p. 77; territory called Alabama; *Toulmin's Digest*, p. 78. (*Aiken's Digest*, p. 29, par. 4; p. 30, par. 6; *Clay's Digest*, p. 47, par. 4; p. 48, par. 6.)

"It is the opinion of this court that the language implies that there is ownership of soil and jurisdiction in Georgia, in the bed of the river Chattahoochee, and that the bed of the river is that portion of its soil which is alternately covered and left bare, as there may be an increase or diminution in the supply of water, and which is adequate to contain it as its average and mean stage during the entire year, without reference to extraordinary freshets of the winter and spring, or the extreme drought of summer or autumn."—*Ib.*

The western line of the cession on the Chattahoochee river must be traced on the water-line of the acclivity of the western bank, and along that bank where that is defined; and in such places on the river where the western bank is not defined, it must be continued up the river on the line of its bed, as that is made the average and mean stage of the water, as that is expressed in the conclusion of the above recited paragraph."—*Ib.*

By the contract of cession, the navigation of the river is free to both parties.—*Ib.*

§ 18. (87) (85) (625) 14 (14) (18) (17) *Boundary Between Alabama and Florida.*—The boundary line between Alabama and Florida is the line commonly known as the "mound line," or Ellicott's line," as distinguished from a "blazed line," known as the "Upper" or "Coffee line," commencing at a point on the Chattahoochee river, near a place known as "Irwin's Mills;" and from thence to the Perdido river, marked the whole distance by blazes on the trees and by mounds of earth, at distances of about one mile.

§ 18 (1). Same; at mouth of Perdido river and adjacent thereto.—The state of Alabama hereby ratifies, confirms and adopts the recommendations of the joint committee heretofore appointed by the governor of Florida and the governor of Alabama to locate and mark the boundary line between the said states at the mouth of Perdido river and adjacent thereto, said committee consisting of Honorable Richard W. Ervin, Honorable Richard H. Simpson, Honorable Philip D. Beall and Honorable F. C. Elliot, all on the part of the state of Florida, and Honorable Earl M. McGowin, Honorable W. C. Pruett and Honorable William N. McQueen, all on the part of the state of Alabama. (1953, p. 547, 1, appvd. Aug. 28, 1953.)

§ 18 (2). Same precise location.—In accordance with the recommendations of the said joint committee, the boundary at the location referred to in section 18(1) of this title shall be as follows, to-wit:

The middle of the Peridido river at its mouth, as defined by the constitutions of the states of Alabama and Florida, is at latitude 30° 16' 53" north and longtitude 87° 31' 06" west as the control point;

That the boundary line at the mouth of Perdido river is fixed, as nearly as may be, in the axis of the mouth of said river, passing through the control point and running north and south and having as its northern terminus a point of latitude $30^{\circ} 17' 02''$ north and longitude $87^{\circ} 31' 06''$ west, and as its southern terminus a point 1,000 feet due south of the control point;

That from the northern terminus of the boundary line at the mouth of the river, the boundary up the lower portion of said river be a straight line to a point at latitude $30^{\circ} 18' 00''$ north, longitude $87^{\circ} 27' 08''$ west, thence by a straight line to a point in the center line of the Intracoastal Canal at longitude $87^{\circ} 27' 00''$ east;

That the seaward boundary between Florida and Alabama extends from the south end of the boundary line at the mouth of Perdido river, thence south $0^{\circ} 01' 00''$ west to the seaward limit of each respective state;

And shall be deemed, taken and declared, and hereby deemed, taken and declared to be the boundary line between the states of Florida and Alabama, at the mouth of the Perdido river and adjacent thereto, and shall be deemed and taken as such by the authorities and people of this state, upon the adoption and ratification thereof by the state of Florida. (1953, p. 547, 2, appvd. Aug. 28, 1953.)

§ 18 (3). Same; when effective.—The secretary of state shall transmit a duly certified copy of sections 18(1)-18(5) to the governor of the state of Florida and the governor of Alabama, whenever officially advised that the state of Florida has ratified, confirmed and adopted the recommendations of the joint committee aforesaid, shall make proclamation of that fact including in such proclamation the boundary as set out in section 18(2) above, and proclaiming that henceforth the said boundary shall be taken by all the authorities and people of this state as the true and only boundary between the states of Florida and Alabama at the mouth of the Perdido river and adjacent thereto. A copy of said proclamation shall be published one time in a newspaper published in Montgomery, Alabama, and in such other newspapers of the state as the governor may direct. Failure to publish such proclamation shall in no way affect the validity and effectiveness of sections 18(1)-18(5). (1953, p. 548, 3, appvd. Aug. 28, 1953.)

§ 18 (4). Same; consent of congress requested.—The congress of the United States is petitioned to give its consent to the settlement and location of the above described portion of the

common boundary between the states of Florida and Alabama, pursuant to clause 3, section 10, article 1 of the Constitution of the United States, as soon as the state of Florida has ratified, confirmed and adopted the recommendations of the joint committee aforesaid. The secretary of state of the state of Alabama shall transmit duly certified copies of sections 18(1)-18(5) to the presiding officers of the senate and house of representatives of the United States and to the several senators and representatives from the states of Alabama and Florida to the congress of the United States, who are hereby petitioned to take such action as they deem proper to procure the consent of the congress of the United States to this compact or agreement between the states of Alabama and Florida. (1953, p. 548, 4, appvd. Aug. 28, 1953.)

§ 18 (5). Same; individual rights not affected.—Nothing contained in sections 18(1)-18(4), nor any operations of the provisions of said sections, shall prejudice the rights or claims of private individuals to any of the lands herein involved. (1953, p. 548, 5, appvd. Aug. 28, 1953.)

STATE CAPITOL

During its existence as a Territory and State, since March 3, 1817, Alabama has had several capitals. St. Stephens was designated in the act creating the Territory as the temporary seat of government, and there the two sessions of the Terri-

torial legislature were held. The first Constitutional Convention was held, in accordance with the enabling act, in Huntsville in 1819, and the first session of the State Legislature was also held there.

The Territorial Legislature, however, had chosen Cahaba as the site for the capital of the State, and the second session of the Legislature was held there in 1820. Cahaba was designated as the seat of government in the Constitution, but the Legislature was required at the session of 1825-26 "to designate by law (to which the executive concurrence shall not be required) the permanent seat of government, which shall not thereafter be changed." Cahaba proved to be a very poor and injudicious selection, owing to health conditions, and to its situation, being subject to overflow. In 1826 Tuscaloosa was chosen as the location of the capital, and there it remained until the session of 1845-46. At this time, after a sharp contest between many rival towns, Montgomery was selected. The session previous had proposed a constitutional amendment, striking out the section permanently locating the seat of government, and this amendment had been adopted at the polls.

In selecting Montgomery the Legislature expressly provided by act that the State should be put to no expense in securing lands or in the erection of a capitol building. The citizens of the town at once organized, under the leadership of Col. Charles T. Pollard, Col. A. J. Pickett and others, secured the site, and began the erection of a building. Bonds for \$75,000.00 were issued by the municipality to pay for construction. These bonds were taken up by local real estate dealers and by local capitalists. The plan of the new capitol was drawn by Stephen D. Button; and the contractors were Messrs. B. F. Robinson and R. W. R. Bardwell. It was completed and occupied by the Legislature at its session of 1847-48, the first session held in Montgomery. On December 14, 1849, during the second session held in Montgomery, the building was destroyed by fire. On February 11, 1850, the Legislature made an appropriation of \$60,000.00, with which the central section of the present building was erected substantially on the foundations of the burned structure.

During the administration of Gov. William H. Smith several improvements were made, which added convenience and beauty to the lower floor of the building.

From the time of its completion in 1851 until 1885 no increase in its capacity had been made. In the latter year, Feb. 17, the Legislature made an appropriation of \$25,000.00 for "needed enlargement." This expenditure resulted in the erection of the rear extension.

In 1903 the Legislature appropriated \$150,000.00 with which the South end of the Capital Square was purchased and the South wing erected in 1905-06; and in 1911 an appropriation of \$100,000.00 was made with which a North wing was added.

STATE SEAL

GREAT SEAL OF ALABAMA

Used for the first fifty years of the State's history. Readopted as the Great Seal of Alabama by the Legislature of 1939.

When William Wyatt Bibb in 1817, was appointed Governor of the newly created Alabama Territory by President Monroe and opened Territorial offices in St. Stephens, he realized that the commissions and other State papers which he issued needed an official seal. Under a law of Congress a Territorial Governor was authorized to select a design for a seal. Governor Bibb realized that no design would be more effective than a map of the State showing its noble river courses. He therefore had a seal made carrying that design. Around the map which also showed the States bounding Alabama, were the words "Alabama Executive Office." No other Department of State used that seal in any way whatever.

In 1819 when Alabama became a State, the Territorial seal was designated by the first Legislature as the State Seal, and was in use for fifty years. In 1868, the Reconstruction Legislature, made up in large part of men from other States who had come to Alabama as "Carpetbaggers" to take over the affairs of the State, after the War Between the States, and partly of Negroes who had been put in the Legislature by these out-of-State men, the beautiful old seal which was definitely an Alabama emblem was abolished. These "Carpetbag" members of the Legislature who abolished the State's significant old seal desired to brand the people of Alabama who had so lately been in arms against the Union with a United States emblem. The Legislature therefore had a new seal made. It consisted of the shield of the United States seal and on the shield was an eagle. In the beak of the eagle was a scroll on which was written the words "Here We Rest." An Alabama author many years

before had written an Indian legend which he later declared was purely fictitious, to the effect that the Indian word "Alabama" meant "Here We Rest." Later students of the subject declared that Alabama meant "This is a goodly land, here we will make our home." Around the new emblem were placed the words "Alabama Great Seal." This Great Seal was used for seventy-one years to authenticate official documents by the Governor and the Secretary of State. Many officials used it as the letterhead of their stationery.

When the Legislature of 1939 assembled, a Bill was introduced to restore the original seal as the Great Seal of Alabama. This movement had been sponsored by the Alabama Division, United Daughters of the Confederacy, and there was not a dissenting vote, when the Bill came up for action, either in the Senate or the House. Governor Frank M. Dixon approved the new law and the Secretary of State at once had a new Great Seal engraved. Once more the people of Alabama have a Great Seal that carries its own State map showing its magnificent rivers. At the time Governor Bibb first designated this executive seal there were no good roads in Alabama and all heavy shipping was done by the rivers. Nothing was known about the use of waterfalls for the manufacture of hydro-electric power. Today our great cities and our farm homes are lighted with the power of our rivers. Great industrial enterprises are carried on with electricity from that power. The same Legislature that passed a law restoring the map of the State as the Great Seal also passed a law providing for a coat-of-arms. Instead of the people of Alabama having to defend the phrase "Here We Rest" which implied to some that our people were lacking in energy and industry, we now have a proud motto on our State coat-of-arms. The English translation of the motto is "We dare defend our rights."

STATE COAT-OF-ARMS

Adopted by the Legislature of 1939

Since the beginning of recorded history distinguishing symbols have been used by nations, tribes, families and chieftains. Authors of Roman and Greek history have described the devices on the shields of heroes. These devices were also preserved in pictures and in antique vases. The ancient Chinese Empire was represented by the five-clawed dragon, and the Emperor of Japan by the chrysanthemum. Notable clans in the oriental world as well as in Europe are signalized by heraldic emblems. When the Spaniards invaded Mexico, Indian chiefs bearing shields and banners met them. Indeed, the eagle on the present banner of Mexico is perhaps a copy of the eagle that was carved over the palace of Montezuma. There was not an Indian tribe in the Western world that did not have its tribal totem poles, many of which are still preserved in museums. Often these heraldic tribal or family symbols were tattooed or painted upon the bodies of the tribesmen. Heraldic designs in Western Europe are traced back to the dark ages. The tournament laws of Henry, the Fowler, required that contenders in the tournament should show four generations of arms-bearing ancestors.

No State in the Union has a more historically significant coat-of-arms than Alabama now boasts. The Bill to legalize a State coat-of-arms was introduced in the Alabama Legislature of 1939 by Hon. James Simpson, of Jefferson County, and was passed without a dissenting vote by both Houses. The coat-of-arms consists of a shield on which appears the emblems of the five governments that have held sovereignty over Alabama, either in whole or in part, for four hundred years—Spain, France, Great Britain, the United States, the Confederacy and again the United States. This shield is supported on either side by eagles, symbolic of courage. The crest is a ship of the model of the ships in which Iberville and Bienville sailed to our country from France and settled the first colony of white men in the Mobile Country in 1699. The ship as the crest of the shield is also significant of the fact that Alabama is a maritime State. The motto beneath the shield in Latin is "Audemus jura nostra defendere." Beneath the motto is the State name—"Alabama."

The original design of the Alabama coat-of-arms was made in 1923 by B. J. Tieman, of New York, a distinguished authority on heraldry, at the request of Mrs. Marie Bankhead Owen, Director of the State Department of Archives and History. A few years later Mrs. Naomi Rabb Winston, of Washington, D.C., painted the completed design in oil. Mrs. Owen selected the motto which was put into Latin by Professor W. B. Saffold, of the University of Alabama. It was through the influence of Mrs. Juliet Perry Dixon, wife of Governor Frank M. Dixon, that official action was taken by the Legislature.

¹Ou-do-mus ya-ra nostra da-fen-de-re.—"We Dare Defend Our Rights."

STATE FLAG

The flag of the State of Alabama was adopted by Act of February 16, 1895, introduced into the House of Representatives by Hon. John W. A. Sanford, Jr., then a member from Montgomery county. See *Acts 1894-95*, p. 719. The following is the statutory description, taken from the *Code of Alabama*, 1907, vol. 1, section 2058 and 2059:

“2058. (3751) *Flag of the State*.—The flag of the State of Alabama shall be a crimson cross of St. Andrew on a field of white. The bars forming the cross shall not be less than six inches broad and must extend diagonally across the flag, from side to side.”

2059. (3752). *When Displayed*.—The flag of the State shall be hoisted on the dome of the capitol when the two houses of the Legislature are in session, and shall be used by the State on all occasions when it may be necessary or customary to display a flag, except when, in the opinion of the governor, the national flag should be displayed.”

From the foregoing description, and from local inquiry as to the form of design submitted in connection with the original bill, the flag was intended by the Legislature to preserve in permanent form some of the more distinctive features of the Confederate battle flag, particularly the St. Andrew's cross. This being true, the Alabama flag should be square, and in all of its lines and measurements conform to the well known battle flag of the Confederacy.

On referring to the regulations governing the Confederate battle flag, it is found that it must be forty-eight inches square, with the arms of the cross eight and one-half inches wide over all, that is, the blue arms with the white border. The law providing for the Alabama State flag merely declares that the arms shall not be less than six inches broad, with the further provision that they must “extend diagonally across the flag from side to side.” The latter is intended to mean that the bars must cross each other at right angles, and that the ends of the bars must divide equally at each corner. In the event a larger or smaller size should be desired, the measurements increase or diminish proportionately.

The regulations for the battle-flag also provide for a border of one and one-half inches. Therefore, the proper size for the Alabama State flag would be fifty-one inches square over all, with the arms of St. Andrew's cross eight and one-half inches wide over all, extending diagonally across the flag from side to side, the ends of the bars dividing equally at each corner.

Under an Act approved September 26, 1923, the flag of the State, as well as the flag of the United States, is required

to be displayed every day on which school is in session, at all schools in the State which are supported even in part by public funds. The Act does not intend the flag to be displayed on the walls of the building, but the State Superintendent has ruled that it shall be hoisted on a pole provided for this purpose. Section 4 of the Act requires the School Board of the county to furnish and pay for the several flags used in the county. Hon. George W. Randall, Senator from the Eighteenth District, is the author of the latest Act.

STATE FLAG

Until the State seceded from the Union, Alabama used the United States flag on all formal occasions. However, when the Secession Convention met in Montgomery in 1861 and voted to withdraw from the Union a flag made by the ladies of Montgomery was presented to the Convention by one of the delegates. This flag became the first flag of the State.

On one side of the flag was the Goddess of Liberty holding in her right hand an unsheathed sword; in the left a small flag with one star. In an arch above this figure were the words — Independent Now and Forever.

ALABAMA STATE FLAG

Adopted by the Legislature of 1895

On the reverse side there was a large cotton plant in full fruit and flower, with a rattle snake at the roots about to

spring into action, signifying the danger of treading upon the rights of the people. Beneath the cotton plant are the Latin words: Noli Me Tangere, which means "Tread not on me." This flag floated over the dome of the Capitol for the day, but on account of the inclement weather was lowered and placed in the Governor's office for safe keeping. There it remained until taken by a Federal soldier with Wilson's raiders at the end of the War Between the States. For many years this flag reposed in a museum cabinet in Des Moines, Iowa, labeled as a "Captured Confederate Battle Flag." When the facts were brought to the attention of the Governor of Iowa in 1938, the Legislature of that State voted to return this flag to the State of Alabama. It was brought to Montgomery accompanied by three members of the Legislature of Iowa as a Guard of Honor, and presented with solemn ceremonies to Governor Frank M. Dixon, in the presence of a joint session of the Legislature. This flag was called the "Secession Flag of Alabama" or the "Flag of the Republic of Alabama."

The next flag that floated over the dome of the Capitol in Montgomery was the Confederate "Stars and Bars." After the defeat of the Confederate Army (1865) which was fighting for Independence, this flag was supplanted on the dome by the United States flag.

SALUTE TO THE ALABAMA FLAG

Flag of Alabama, I salute thee. To thee I pledge my allegiance, my service, and my life.

STATE FLOWER

A bill introduced in the Legislature, 1927, by Representative T. E. Martin, of Montgomery county, making the Goldenrod the State Flower, became a law September 6, 1927.

House Bill 24, of the regular session of 1959, approved August 26, 1959, amended Section 8, of Title 55, of the Code of 1940, to read: "The camellia is hereby designated and named as the state flower of Alabama."

In view of the fact that the Act does not specify which camellia, the particular variety cannot be officially designated. An effort has been made to determine the intent of those who sought to fix the camellia as the State flower, the Alabama official colors being red and white, it has been suggested that a red camellia be the official flower. Until some designated botanical species is officially fixed the State flower is therefore the red camellia.

THE STATE TREE

The "Southern Pine" was specified as the State Tree of Alabama by the Legislature of 1949, but Mr. Hugh Kaul, of Birmingham, who introduced the Bill said the Long Leaf Pine was meant. There are twelve species of pines that grow in the Southern States, the long leaf, the slash pine, the loblolly and the short leaf are known as the "big four." But the Long Leaf was meant by Mr. Kaul to be the State Tree of Alabama.

STATE BIRD

The yellowhammer is the State bird of Alabama. A Bill introduced in the Legislature, 1927, by Representative Thomas E.

Martin, of Montgomery County was passed by the Legislature and approved by Governor Bibb Graves, September 6, 1927. The reason the yellowhammer was selected as the State bird was because the State has been known as the "Yellowhammer State" since the War Between the States. This nickname was applied to the Confederate soldiers from Alabama due to an episode that occurred during the war itself. A company of young cavalry soldiers from Huntsville, under command of Rev. D. C. Kelly, who later became a Major under Gen. Bedford Forrest, arrived at

Hopkinsville, Ky., where Gen. Forrest's troops were stationed. The officers and men of the Huntsville company wore fine new uniforms, whereas the soldiers who had long been on the battlefields of the Confederacy were dressed in faded, worn uniforms. On the sleeves, collars and coat tails of the new cavalry troop were bits of brilliant yellow cloth. As the company rode past Company A, Will Arnett who was a great humorist, cried out in greeting "Yellerhammer, Yellerhammer, flicker, flicker!" This greeting brought a roar of laughter and from that moment the Huntsville soldiers were spoken of as the "yellowhammer company." The term quickly spread throughout the Confederate Army and all Alabama troops were referred to unofficially as the Yellowhammers.

When the Confederate Veterans in Alabama were organ-

ized they took pride in being referred to as the "Yellowhammers" and wore a yellowhammer feather in their caps or lapels during the reunions.

It was very gratifying to the old soldiers when the yellowhammer was adopted as the State bird. They said that the bird with its grey feathers and yellow patches with polka dots like bullet shots on its breast and a red bandana on his neck was a very proper selection as the State bird.

STATE FISH

By House Bill 742, of the regular session of 1955, which became Act No. 564, approved September 9, 1955, the tarpon was designated as the official Salt Water Fish of Alabama.

STATE MINERAL

The 1967 Session of the State Legislature passed Senate Bill 81, which became Act 503, adopting Red Iron Ore, with the scientific name of Hematite, and the chemical formula of Fe_2O_3 , as the State Mineral.

STATE EXECUTIVE MANSION

Until the purchase of the stately Governor's mansion, the Chief Executive resided in a mansion which was purchased by the State for that purpose in 1911. That residence was erected in the City of Montgomery at 702 S. Perry Street in 1906 by Moses Sabel and cost the State \$46,500.00, including sundry furnishings. The State had never previously owned an official residence for the use of its Governor. A commission of seven members was provided in the Act authorizing the purchase of the mansion, including the Governor, Secretary of State, Attorney General, Director of the Department of Archives and History and three other citizens. The first to occupy the mansion was Governor Emmett O'Neal. He was succeeded by Governors Charles Henderson, Thomas E. Kilby, William W. Brandon, Bibb Graves, Benjamin M. Miller, Governor Graves again, Frank M. Dixon, Chauncey Sparks, James E. Folsom.

In October 1950, the State commission authorized to acquire land in proximity to the Capitol, consisting of Governor James E. Folsom, Attorney General Albert A. Carmichael and Supreme Court Justice Joel Brown, purchased from the heirs of the late General R. F. Ligon, his former home at 1108 S. Perry Street, only a few blocks away from the existing mansion. The purchase price was \$100,000.00, including some furnishings but the final cost for renovating the property and additional furnishings totaled \$230,000.00, which was paid by the Capitol Building Commission and an additional appropriation by the Legislature in June 1951. The new mansion is a very handsome building, in the Greek style with large columns at the front and very spacious inside with two pairs of winding stairs in the front

hall leading to the floor above. At the rear of the mansion there is a large and beautiful formal flower garden, one of the best landscaped in the city. It extends through the block to Court Street, surrounded by a high ornamental wall.

Governor Folsom did not move into the new mansion as he preferred remaining where he had been during the first years of his term of office. The newly elected Governor, Gordon Persons and family were the first to occupy the former Ligon home as a Governor's mansion, moving in on the day of his inauguration, January 15, 1951.

The old mansion was used as State offices until May 14, 1959, when it was sold to the Montgomery Academy.

STATE SONG

The words of "Alabama," the State song, were written by Miss Julia S. Tutwiler, a distinguished educator and humanitarian. It was first sung to an Austrian air but in 1931 through the interest of the Alabama Federation of Music Clubs, a tune written by Mrs. Edna Gockel Gussen, of Birmingham, was adopted by the Legislature as the official State song. The Bill was introduced by the Hon. Tyler Goodwyn, of Montgomery, and was approved by Governor B. M. Miller.

The inspiration for writing the poem "Alabama" came to Miss Tutwiler after she returned to her native State from Germany where she had been studying new educational methods for girls and women. She found the people of Alabama greatly depressed due to Reconstruction conditions following the War Between the States. She recalled that in Germany patriotism was kept aflame by spirited songs. She thought that it would be helpful toward restoring the spirits of her own people to give them a new patriotic song; so she wrote a fatherland song for us and called it "Alabama." The substance of the song is that we live in a land of wide rivers that have beautiful Indian names; that many flowers bloom in Alabama to make the land bright with color and sweet with perfume. She recalled to our minds the fact that orange trees grow on our seashore and that on our fertile land grows snowy cotton for our clothes and golden corn for our food; that inside the earth are mines of coal and iron and quarries of marble. But best of all she emphasized the fact that the people of Alabama are brave and true.

ALABAMA

By Miss Julia S. Tutwiler

The music by Mrs. Edna Gockel Gussen, of Birmingham, was adopted by the State Federation of Music Clubs, and through their efforts the following House Joint Resolution was adopted March 3, 1931, by the Legislature:

No. 128

H. J. R. 74
Goodwyn

To approve and adopt the original musical setting by Mrs. Edna Gockel Gussen, of Birmingham, Alabama, of the words of the poem "Alabama," by Julia S. Tutwiler and make the same the State song of Alabama. March 9, 1931.

Al - a - bam - a, Al - a - bam - a, we will aye be true to thee,

From thy South-ern shores where grow-eth By the sea thy o-range tree.

To thy North-ern vale where flow-eth Deep and blue thy Tën-nes - see, -

Al a - bam - a, Al - a - bam - a, we will aye be true to thee

1

Alabama, Alabama
 We will aye be true to thee,
 From thy Southern shore where
 groweth,
 By the sea thine orange tree.
 To thy Northern vale where floweth,
 Deep and blue thy Tennessee,
 Alabama, Alabama,
 We will aye be true to thee!

2

Broad the Stream whose name thou
 bearest;
 Grand thy Bigbee rolls along;
 Fair thy Coosa—Tallapoosa
 Bold thy Warrior, dark and strong,
 Goodlier than the land that Moses
 Climbed lone Nebo's Mount to see,
 Alabama, Alabama,
 We will aye be true to thee!

3

From thy prairies broad and fertile,
 Where thy snow-white cotton
 shines,
 To the hills where coal and iron
 Hide in thy exhaustless mines,
 Strong-armed miners—sturdy
 farmers;
 Loyal hearts whate'er we be,
 Alabama, Alabama,
 We will aye be true to thee!

4

From thy quarries where the marble
 White as that of Paros gleams
 Waiting till thy sculptor's chisel,
 Wake to life thy poet's dreams;
 For not only wealth of nature,
 Wealth of mind hast thou to fee,
 Alabama, Alabama,
 We will aye be true to thee!

5

Where the perfumed south-wind
 whispers,
 Thy magnolia groves among,
 Softer than a mother's kisses,
 Sweeter than a mother's song;
 Where the golden jasmine
 trailing,
 Woos the treasure-laden bee,
 Alabama, Alabama,
 We will aye be true to thee

6

Brave and pure thy men and
 women,
 Better this than corn and wine,
 Make us worthy, God in Heaven,
 Of this goodly land of Thine;
 Hearts as open as our doorways,
 Liberal hands and spirits free,
 Alabama, Alabama,
 We will aye be true to thee

7

Little, little, can I give thee,
 Alabama, mother mine;
 But that little—hand, brain,
 spirit,
 All I have and am are thine,
 Take, O take the gift and giver,
 Take and serve thyself with me,
 Alabama, Alabama,
 I will aye be true to thee!

In 1962 he served as campaign manager in Mobile County for Governor George Wallace. In January, 1963, Governor Wallace appointed him Director of State Docks. In January, 1967, he was reappointed by Governor Lurleen Wallace and in May, 1968, Governor Albert Brewer announced his retention of Mr. Feaster as Director. In 1965 he was appointed a member of the National Defense Reserve and the Federal Area Port Controller for the State of Alabama.

CHAPTER IV LEGISLATIVE DEPARTMENT

REPRESENTATION

The legislative power of this State shall be vested in a Legislature, which shall consist of a Senate and a House of Representatives.—Constitution, 1901, Sec. 44.

Until the Legislature shall make up an apportionment of Representatives among the several counties, as provided in the preceding section, the counties of Autauga, Baldwin, Bibb, Blount, Cherokee, Chilton, Choctaw, Clay, Cleburne, Coffee, Colbert, Conecuh, Coosa, Covington, Crenshaw, Cullman, Dale, DeKalb, Escambia, Fayette, Franklin, Geneva, Greene, Lamar, Lawrence, Limestone, Macon, Marion, Marshall, Monroe, Pickens, Randolph, St. Clair, Shelby, Washington, and Winston, shall each have one Representative; the counties of Barbour, Bullock, Butler, Calhoun, Chambers, Clarke, Elmore, Etowah, Hale, Henry, Jackson, Lauderdale, Lee, Lowndes, Madison, Marengo, Morgan, Perry, Pike, Russell, Sumter, Talladega, Tallapoosa, Tuscaloosa, Walker and Wilcox, shall each have two representatives; the counties of Dallas and Mobile shall each have three representatives; the county of Montgomery shall have four Representatives; and the county of Jefferson shall have seven Representatives.—Ibid. Sec. 202.

Until the Legislature shall divide the State into Senatorial districts, as herein provided, the Senatorial districts shall be as follows:

First district, Lauderdale and Limestone; Second district, Lawrence and Morgan; Third district, Blount, Cullman and Winston; Fourth district, Madison; Fifth district, Jackson and Marshall; Sixth district, Etowah and St. Clair; Seventh district, Calhoun; Eighth district, Talladega; Ninth district, Chambers and Randolph; Tenth district, Tallapoosa and Elmore; Eleventh district, Tuscaloosa; Twelfth district, Fayette, Lamar and Walker; Thirteenth district, Jefferson; Fourteenth district, Pickens and Sumter; Fifteenth district, Autauga, Chilton and Shelby; Sixteenth district, Lowndes; Seventeenth district, Butler, Conecuh and Covington; Eighteenth district, Bibb and Perry; Nineteenth district, Choctaw, Clarke and Washington; Twentieth district, Marengo; Twenty-first district, Baldwin, Escambia and Monroe; Twenty-second district, Wilcox; Twenty-third district, Dale and Geneva; Twenty-fourth district, Barbour; Twenty-fifth district, Coffee, Crenshaw and Pike; Twenty-sixth district, Bullock and Macon; Twenty-seventh district, Lee and Russell; Twenty-eighth district, Montgomery; Twenty-ninth district, Cherokee and DeKalb; Thirtieth district, Dallas; Thirty-first district, Colbert, Franklin and Marion; Thirty-second district, Greene and Hale; Thirty-third district, Mobile; Thirty-fourth district, Cleburne, Clay and Coosa; Thirty-fifth district, Henry.—Ibid. Sec. 203.

The county of Houston was created by act of the Legislature, approved February 9, 1903. Under the operation of Section 50 of the Con-

stitution of 1901, the county was allowed one representative, making a total membership of one hundred and six in the Legislature of 1907. The new county is included in the 35th Senatorial district.

Because of a suit filed in the United States District Court for the Middle District of Alabama, Northern Division, alleging violation of Section 198, 199 and 200 of the Alabama Constitution, by M. O. Mims et al. against Mrs. Bettye Frink et al. the hearing for which was set for July 16, 1962, the Alabama Legislature in Extraordinary Session passed on July 12, 1962 a proposed constitutional amendment (Senate Bill 29, known as the "67-Senator Amendment"), reapportioning the State Legislature, which was to be subject to ratification by the people of Alabama at an election to be held in November, 1962. On the same date the "Crawford-Webb Bill", (House Bill 59) became law. Its purpose was to comply with the federal constitutional requirement as laid down in *Baker v. Carr*, 369 U.S. 186, in the event that the "67-Senator Amendment" was not ratified by the electorate or was ruled unconstitutional by the federal court. The United States District Court held that neither the "67-Senator Amendment" nor the "Crawford-Webb Act" met the necessary constitutional requirements. In its decree the Court, basing its decision upon sections of each of the aforesaid acts, ordered the reapportionment of the Alabama Legislature for the election in November, 1962. The decree filed July 25, 1962, states in part:

It is the further ORDER, JUDGEMENT, and DECREE of this Court:

(1) That the membership of the House of Representatives for the State of Alabama, effective on the day after the general election to be held in November, 1962, be and the same is hereby apportioned as follows:

(3) That the apportionment of the Alabama Legislature, both the House of Representatives and the Senate, as herein ordered and directed, shall be effective upon the filing of this decree, with the terms of office of the new legislative seats herein created to commence on the day after the general election to be held in November, 1962.

(4) That the officials heretofore elected to either the House of Representatives or the Senate for the State of Alabama from counties and/or senatorial districts that are herein altered, changed or eliminated, shall continue to serve as such elected officials until the expiration of the terms of office of said senators and representatives on the day after the general election to be held in November, 1962.

(5) That the seats—both in the House of Representatives and the Senate for the State of Alabama—that are herein ordered to be eliminated, not be refilled after the present terms of office, of said presently elected officials to said offices, expire in November, 1962.

CHAPTER IX

ALABAMA NEWSPAPERS AND PERIODICALS

The list below includes the titles of all newspapers and periodicals of every character, printed or published in the State of Alabama, so far as information has been obtainable. The arrangement is alphabetical.

As far as possible the date of establishment, size, both in inches and columns, subscription price, day of week and periodicity of issue and political complexion, are given.

Doubtless some papers have escaped, although diligent inquiry has been made to discover all now being published. The Department will gladly welcome any additions or corrections. The information is largely from *Ayer's Newspaper Annual for 1967*.

PROPOSED AMENDMENT NO. 3

Shall the following be adopted as an Amendment to the Constitution of Alabama?

“Section 181. The following persons and no others who, if they are citizens of the United States over the age of twenty-one years and have the qualifications as to residence prescribed in Section 178 of this article, shall be qualified to register as electors provided they shall not be disqualified under Section 182 of this Constitution; those who can read and write any article of the Constitution of the United States in the English language which may be submitted to them by the board of registrars, provided, however, no persons shall be entitled to register as electors except those who are of good character and who embrace the duties and obligations of citizenship under the Constitution of the United States and under the Constitution of the State of Alabama, and provided further, that in order to aid the members of the boards of registrars, who are hereby constituted and declared to be judicial officers, to judicially determine if applicants to register have the qualifications hereinabove set out, each applicant shall be furnished by the board of registrars a written application form and a sealed examination, which shall be uniform in all cases with no discrimination as between applicants. The form and contents of such application form and sealed examination shall be prescribed by a state board of examiners for voter registration to be appointed by the Legislative Council of Alabama, which application shall be so worded that the answers thereto will place before the board of registrars information necessary or proper to aid them to pass upon the qualifications of each applicant, and which examination shall be graded by the state board of examiners

for voter registration which must certify to the several boards of registrars of the state whether or not each applicant, who shall be designated by number only, has passed or has not passed the examination. The examination shall be provided and shall be administered as provided for by the Legislature. Provided, in no event shall the intelligence level required of the applicant for registration be less than that required to serve as a member of the armed forces of the United States as determined by written examination. The application shall be answered in writing by the applicant in the presence of the board without assistance, and there shall be incorporated in such answer an oath to support and defend the Constitution of the United States and the Constitution of the State of Alabama and a statement in such oath by the applicant disavowing belief in or affiliation at any time with any group or party which advocated the overthrow of the government of the United States or the State of Alabama by unlawful means, which answers and oath shall be duly signed and sworn to by the applicant before a member of the county board of registrars. Such application and written answers of the applicant thereto shall be filed with the records of the respective boards of registrars and such examination shall be filed with the records of the state board of examiners.

“The board may receive information respecting the applicant and the truthfulness of any information furnished by him. Provided further, that if solely because of physical handicaps the applicant is unable to read or write, then he shall be exempt from the above stated requirements which he is unable to meet because of such physical handicap, and in such cases a member of the board of registrars shall read to the applicant the questionnaire and oaths herein provided for and the applicant’s answers thereto shall be written down by such board member, and the applicant shall be registered as a voter if he meets all other requirements herein set out.” (Under the provisions of Act No. 417, Regular Session, 1963.)

PROPOSED AMENDMENT NO. 4

Shall the following be adopted as an Amendment to the Constitution of Alabama?

“Section 1. It is hereby proposed that the seventy-sixth article of amendment to the Constitution of Alabama as submitted by Act No. 570, H. 873, Regular Session 1949, and proclaimed ratified December 21, 1949, be amended to read as follows:

“This amendment shall apply in all counties except Mobile and Jefferson Counties. The term “public hospital purposes” as used in this amendment shall be construed to include the acquisition by purchase, lease, or otherwise, and the construction, equipment, operation, and maintenance of public hospital facilities. The term “public hospital facilities” as used in this amendment shall be construed to include public hospitals, public clinics, public health centers, nurses’ homes and training facilities, and related public health facilities of any kind.

“If a majority of the qualified electors of any county in the state, except Mobile and Jefferson Counties, who participate in an election held therein pursuant to the provisions of any amendment to the constitution heretofore adopted shall vote at such election in favor of the levy and collection of a special county tax within the limitations provided in such amendment, for any one or more of the purposes included within the meaning of the term public hospital purposes, the proceeds derived from the tax authorized at such election, may be applied for any one or more of the purposes for which said tax may be so voted. Whenever the tax shall be voted the governing body of the county may anticipate the proceeds therefrom for any one or more of the purposes for which the tax shall be voted by issuing, without further election, interest bearing tax anticipation bonds, warrants, or certificates of indebtedness of said county payable solely from and secured by a pledge of not exceeding 75% of the annual proceeds from said tax received by the county.

“The governing body of each county in which the said tax may be voted shall have the further power to designate as the agency of the county to acquire, construct, equip, operate and maintain public hospital facilities any public corporation or commission heretofore or hereafter organized for hospital purposes in the county under any general or local law heretofore or hereafter enacted by the Legislature. When a public corporation or commission shall be so designated, the proceeds of said tax thereafter collected shall be paid over to it and shall be used by it for any one or more of the purposes for which the tax shall have been voted; provided, that payment of the proceeds of said tax to said public corporation or commission shall be made only to such

extent as will not result in the impairment of the obligation of any contract theretofore made with respect to said tax. Said public corporation or commission may anticipate the proceeds from said tax so required to be paid to it by issuing, for any one or more of the purposes for which the tax shall have been voted, the bonds, warrants, or certificates of indebtedness of said public corporation or commission, and may pledge for the payment of the principal thereof and interest thereon not exceeding 75% of the annual proceeds from said tax so paid to it.

“Each county in which the tax shall be voted, and in the event a public corporation or commission shall have been designated as the agency of such county pursuant to the provisions hereof then said public corporation or commission shall have the power to contract with any other county or similar public corporation or commission with respect to the acquisition by purchase, lease, or otherwise, and the construction, equipment, operation, and maintenance of public hospital facilities outside of the county and within any zone or region of which the county may be a part, and which may have heretofore been established or may hereafter be established for public hospital purposes by the Legislature or by any agency designated by it, the obligations of such contract to be payable solely out of the proceeds of said tax; provided, that the proceeds of said tax shall not be used outside of the county for any purpose for which the proceeds could not be used in the county, and shall not be used with respect to public hospital facilities located outside of the county if the tax is voted specifically for public hospital facilities located in the county.

“No securities issued or contracts made by a county under the authority of this amendment, which are payable solely out of the proceeds of said tax, and no securities issued or contracts made by any such public corporation or commission, whether or not issued or made under the authority of this amendment shall be construed to be bonds of the county or of a political subdivision thereof within the meaning of Section 222 of the Constitution, or construed to create or constitute an indebtedness of the county within the meaning of Section 224 of the Constitution. Said securities shall be construed to be negotiable instruments notwithstanding the fact that they may be payable solely from a limited source. All pledges of said tax and all contracts made with respect thereto pursuant to the provisions of this amendment shall take precedence in the order in which they are made and shall create a charge on the proceeds of said tax prior to the expenses of operating and maintaining any public hospital facilities.

“In each instance in which a special county tax for any one or more of the purposes included within the meaning of the term public hospital purposes has heretofore been authorized at an election held in a county pursuant to the provisions of any amendment to the Constitution heretofore adopted, all provisions of this amendment shall be applicable in said county to the same extent as if said election had been held after the adoption of this amendment.” (Under the provisions of Act No. 420, Regular Session 1963.)

The Legislature may provide for the promotion of poultry and poultry products and the poultry industry by research, education, advertising and other methods, and the Legislature is further authorized to provide means and methods for the financing of any such promotional activity by prescribing a procedure whereby producers, owners or growers of poultry may by referendum held among such producers, owners or growers of poultry in this State levy upon themselves and collect assessments, fees, or charges upon the sale of poultry and poultry products for the financing of any such promotional program or activity in cooperation with processors, dealers, handlers and other buyers of poultry and poultry products. Shall the following be adopted as an Amendment to the Constitution of Alabama?

"(A) The purpose of this amendment is to clarify and make further provisions regarding the public school purposes for which the following special school taxes, heretofore voted in the school district of the City of Anniston, may be applied: (1) the special annual ad valorem school tax at the rate of Fifty Cents (50¢) on each One Hundred Dollars (\$100.00) of taxable property which was voted for public school purposes at the special election held in the said school district on March 16, 1948, pursuant to call of the said election made in that certain amendment to the Constitution proposed by Act No. 587 adopted at the 1947 Regular Session of the Legislature (sometimes known as, and herein called, Amendment 68), and which was levied by Amendment 68 for public school purposes in the said school district for a period of thirty years commencing with the tax year beginning October 1, 1947, and with the last year's tax being payable October 1, 1977; and (2) the special annual ad valorem school tax at the same rate which was voted for public school purposes at the special election held in the said school district on February 15, 1966, pursuant to call of the said election made in that certain amendment to the Constitution proposed by Act No. 72 adopted at the 1965 Regular Session of the Legislature (sometimes known as, and herein called, Amendment 232), and which was levied by Amendment 232 for public school purposes in the said school district for a period of thirty years commencing with the tax year beginning October 1, 1977, and with the first year's tax being payable October 1, 1978.

"(B) In addition to the public school purposes specifically mentioned in Amendment 68, in Amendment 232, and in that

certain amendment to the Constitution, supplemental to Amendment 68, that was proposed by Act No. 1045 adopted at the 1961 Regular Session of the Legislature (sometimes known as, and herein called, Amendment 165), that portion of the proceeds from the special school tax levied by Amendment 68 in the school district of the City of Anniston that is not needed to pay debt service on bonds heretofore issued by the City of Anniston under Amendment 68 or under Amendment 165, or to comply with any other covenants contained in proceedings authorizing the issuance of the said bonds, and also the proceeds from the special school tax levied by Amendment 232, may be used to pay the principal of and interest on any securities (including, but without limitation to, warrants) that may hereafter be issued by the City of Anniston, pursuant to request by the City Board of Education of Anniston, for the purpose of (i) paying costs of acquiring, constructing and improving public school buildings in the said school district, (ii) refunding the principal of warrants or other securities issued by the said city, after the effective date of Amendment 232, for payment of costs of acquisition, construction and improvement of public school buildings, or (iii) the combined purpose of payment of such costs and such refunding. Costs of constructing a school building shall be deemed to include the costs of acquiring a site therefor. Any such securities may be either general obligations of the City of Anniston secured by a pledge of the proceeds of either or both of the said school taxes or may be special obligations of the said city payable solely out of and secured by a pledge of the proceeds of either or both of the said taxes; and any such securities shall be issued by the said city pursuant to the powers conferred on municipalities by existing statutes. Any pledges that may hereafter be made either hereunder or under Amendment 232, with respect to the proceeds from the special school tax levied by Amendment 232, shall take precedence in the order in which they are made. Any pledges that may hereafter be made either hereunder or under Amendment 165, with respect to the proceeds from the special school tax levied by Amendment 68, shall take precedence in the order in which they are made and shall be subordinate to the pledges heretofore made by the City of Anniston pursuant to either Amendment 68 or Amendment 165. If the proceeds of the tax levied by Amendment 232, should at any time be pledged pursuant to either this amendment or Amendment 232, the Tax Collector of Calhoun County shall, upon collection thereof, pay such proceeds to the City of Anniston; and until the proceeds of

the special tax levied by Amendment 232, are so pledged, he shall pay such proceeds to the Board of Education of the City of Anniston. If pledges are hereunder made with respect to either or both of the said special school taxes, and if the governing body of the City of Anniston shall hereafter determine that the proceeds from the tax or taxes so pledged are in excess of the amount needed to satisfy the said pledges and any other then outstanding pledges made under any of the other amendments herein referred to, then the said proceeds, to the extent of the said excess, may be applied for other public school purposes in the said school district.

“(C) The provisions hereof are supplemental to Amendments 68, 165, and 232 and the powers and authority herein granted shall be in addition to the powers and authority conferred by the said amendments.

“(D) Each of the said special elections held as aforesaid on March 16, 1948, and on February 15, 1966, is hereby validated, in spite of any irregularities in connection with the giving of notice or the holding thereof or any other irregularity in connection therewith.” (Under the provisions of Act No. 108, Special Session, 1967.)
